## Park Manager's Report

Hi all;

I wish to thank all of our park staff and volunteers for all of their hard work, without you our park would not be the gem that it is. The park compound is unlocked from 8am to 4:30 pm for boat storage and drop off for fall leaves and branches. **A reminder that all fall leaves, branches etc. must be placed in the piles in the upper park compound, that are clearly marked, and not in the park dumpsters. Please do not attempt to burn your leaves yourselves as the conditions are dry and the opportunity for forest fires exist.** The park maintenance staff have been working diligently and everything is on schedule for the final fall shut down of park services. The park water wells will remain operational throughout the off season, however the park water will be shut off as usual between Sept 25<sup>th</sup> and 30<sup>th</sup>. As well, all park security cameras and motion lights will also remain operational throughout the off season this year for additional Cabin Holder security and safety. A bear has been sighted in the park and we have made arrangement for the Conservation Officers to set a trap asap to try and relocate the bear. Until then please use extreme caution when walking and hiking in the park. Be safe and enjoy the park.
