Park Administrator's Report

As you read this Kip Park is all but closed for another season and our new fall and winter project begins. Out with the old and start fresh with the new.

Our old shower house has served us well, for over 35 years now, but as they say, "All good things must come to an end". If you are a seasonal patron at Kip, when you return next spring, you will be greeted with a brand new fully accessible shower/washroom facility. If you are one of those who frequent the park throughout the fall and winter months, then you will see the progress as the construction crew erects our new building. If you haven't already done so, please take a moment and add me to your contact information, throw me a text or send me an email. I am available. Til next time, enjoy your time at our park.

A MESSAGE FROM THE CHAIR

Hello friends of Kipabiskau Regional Park;

The 2019 season will be remembered for it's ups (highs) and downs (lows). We said goodbye to some truly great people and welcomed some new folks to our park.

On June 1st Kevin Moulds became our Park Administrator and provided the leadership for a successful season here at Kip.

During the summer, the Park Authority approved the plans for the construction of a new shower/washroom facility. The process began on Monday with the removal of the old building. The construction of the new full access facility will begin immediately with the expected completion date in early spring. Tremblay Construction of Melfort was selected from a group of seven bidders as the successful bidder and named as the contractor by our special committee of the board. Kevin will be our on-site supervisor during the construction period. We ask for your consideration period by helping with the traffic flow during certain times. Please consider using the maintenance yard as part of your travel plans in the area.

I am sure that there are times when some people feel that the Board is not acting in their best interests. During the next six months we will be reviewing our processes and policies and we will try and determine whether certain activities should be based on a user pay basis. In addition, we will be reviewing the status of the fire guards. We will be considering all possible uses of these assets of the park.

I would like to thank the volunteers that have contributed to the successful functioning of the park. Our Park Authority meets ten times a year and attempts to provide direction that is fair and equitable to all patrons of the park. If you would like to become a member of our volunteer Park Board please contact me or any of the Park Board members for information, or perhaps you would like to offer some time to many of the projects throughout the summer months that are headed up by the Cabin Holders and Seasonal Campers Association. Either way many hands make light work and volunteers are always needed.

Finally, if you have an idea that would contribute to the betterment of the park, be it a fundraising project, store items, products or services that the park can possibly offer, we would like to here from you. Send your ideas to us at info@kippark.ca . The park is your community and it is here for all of us to enjoy.

Sincerely,
Lyle Dunkley, Chairman,
Kipabiskau Regional Park Authority.

A Message from Kip Park

Dear Cabin Holder's and Seasonal Campers;

It is imperative that we at the park always have current and accurate contact information for all Cabin Holders and Seasonal Campers. This information is required for us to be able to contact you in case of an emergency in the park, ie break in's, fire, park notices or a natural disaster that may affect you or your property. It is also required for the Provincial Government to send education tax assessments, notices and invoices that also affect your park property. Over the past several years some of you have dropped your land line and moved to cellular phones, or have moved changing your mailing address, or changed internet providers and thus changed your email address. Some of you are snowbirds and are away in the winter months and are using a different email or phone number at that time.

Please take the time to update this form with all your current information. Together we can improve park communication and keep you informed. It will be kept private and is required for park business only. You can e:mail this information if you wish to info@kippark.ca

Cabin/Campsite # _____ Name: _____

Mailing Address: _____

Park Phone # _____ Cell Phone #'s _____

E:mail Address _____

Our Mission Statement: To provide the best possible facilities, products and customer service to our cottage owners, seasonal campers, daily campers, visitors and guests, on a user pay basis, within our resources and utilizing fiscal responsibility.
