Park Administrator's Report

Thanksgiving 2019 has come and gone, and this special time of year gives us an opportunity to be with our family and friends and to reflect on the things that we are most thankful for. Me, I'm thankful for this beautiful park and the recreational atmosphere it provides, our loving family and friends, and this wonderful community we call Kip. I hope all of you and yours, travelled safe, and had an enjoyable time together at this special time of year.

The shower house project is off to a great start. Colin Chupa and his equipment operators have prepared and levelled the site to engineering standards. Rob Moss and his team of plumbers and pipe fitters from Metro Mechanical have installed the in-ground piping and in floor insulation and heating lines. An eight-inch floating cement slab has been poured by Troy, Trent, Dave and Shane, with cement being supplied by Little's Redi-Mix of Tisdale. And finally, Ryan Tremblay and the rest of his crew of carpenters and sub trades from Melfort have begun the construction of the new facility. All doors, windows, rafters, and fixtures have been ordered and should be ready when required for installation. We are all watching as the structure takes shape day by day and await the grand opening next spring.

We have several square feet of space that may be available to develop on the upper floor of the store. The space is approximately the same size as the existing café area on the main floor. It has a bathroom and a view of the lake with possible outdoor access, quietly waiting for an idea. Could it be a gym? A rental? Perhaps a meeting room, A clubhouse or training facility? Please share your ideas with us, we would love to hear from you.

If you haven't already done so, please take a moment and add me to your contact information, throw me a text or send me an email. I am available.

Til next time, enjoy your time at our park.

A MESSAGE FROM THE CHAIR

Hello friends of Kipabiskau Regional Park;

I hope everyone had a great Thanksgiving weekend with family and friends. Activity at the park has been intense since mid September. Kevin and the maintenance team had a successful shut down, followed shortly thereafter with the preparation of the site for new shower house and washroom. As Kevin indicated, the roughed-in plumbing and concrete slab are finished. Now the excitement will begin as each new phase is completed. I ask that we do not go on the work site and interrupt the construction crews.

During the winter we will be reviewing some of our policies to ensure that we are treating our patrons consistently. As a result, we may be required to make a few changes to our policies and bylaws.

We have received a new lease from the Province for the Park. The new lease has an expiry date of March 31, 2052. We will be putting together new leases for each of the lots and we will soon contact each of you with the process to execute the new lease. Please be patient as we complete this process, unless you have a reason to get a copy of the new lease for financing purposes.

I hope that all the folks involved in agriculture were able to complete the harvest and do the fall work for next year.

Remember, October 21st is the date to vote. I hope that everyone has a great fall and the weather allows each and everyone to enjoy the changing seasons.

Finally, if you have an ideas, that would contribute to the betterment of the park, be it a fundraising project, store items, products or services that the park can possibly offer, we would like to here from you. Send your ideas to us at info@kippark.ca . The park is your community and it is here for all of us to enjoy.

Sincerely,
Lyle Dunkley, Chairman,
Kipabiskau Regional Park Authority.

A Message from Kip Park

Dear Cabin Holder's and Seasonal Campers;

It is imperative that we at the park always have current and accurate contact information for all Cabin Holders and Seasonal Campers. This information is required for us to be able to contact you in case of an emergency in the park, ie break in's, fire, park notices or a natural disaster that may affect you or your property. It is also required for the Provincial Government to send education tax assessments, notices and invoices that also affect your park property. Over the past several years some of you have dropped your land line and moved to cellular phones, or have moved changing your mailing address, or changed internet providers and thus changed your email address. Some of you are snowbirds and are away in the winter months and are using a different email or phone number at that time.

Please take the time to update this form with all your current information. Together we can improve park communication and keep you informed. It will be kept private and is required for park business only. You can e:mail this information if you wish to info@kippark.ca

Cabin/Campsite # _____ Name: _____

Mailing Address: _____

Park Phone # _____ Cell Phone #'s _____
