Park Administrator's Report

The frigid temperatures of winter are now upon us, and with that we have seen some more snowfall. I would like to thank Arlee, Sam, Al and John for helping me keep the park roads cleared and the R.M. of Barrier for clearing the hill and main beach area. **Attention Tobogganers:** Please obey park signage and stay clear of the small trees and new grass by the main beach area. There is plenty of other space for you to play.

Our new shower house is nearing completion. All exterior treatments are now completed, except for corner caps and eavestroughs and they will be completed when we get a break in the weather. The boiler system, sinks, toilets, counter tops and the remaining interior fixtures are now being installed. Our deadline of February 1st is fast approaching, and Ryan's team is focused on completion, on time and on budget. Please follow us at Kip Park on Facebook to see up to date photos of the project as we continue to final completion. If you would like to see the facility, please give me a call and I'd be happy to schedule a tour.

A reminder: The Provincial Education taxes were due on your lake property to the RM of Pleasantdale before December 31st, 2019. If you haven't already done so, Please mail your cheques to R.M. of Pleasantdale #398 PO Box 70 Naicam Sk. S0K 2Z0

The Provincial Government has renewed our Park Land Lease and we have been granted a 33-year lease term, which will now expire in March of 2052. If you haven't already done so, make sure we have all your up to date contact information so we can process the new paperwork correctly and in a timely manor.

Please take a moment and add me to your contact information, throw me a text or send me an email. I am available.

Til next time, enjoy your time at our park and play safe.

A MESSAGE FROM THE CHAIR

Happy New Year and hello to a new decade. Wow, when will the cold weather ever end? I, like most, follow the weather wherever we hang out and watch the weather at the Park. Let me say that as I write this note, the weather is even a bit chilly for the most ardent outdoor person.

The 2010-2019 decade was a busy period for the Park. Some of the many changes include the following: renovations and modernization of the Montgomery Hall, the addition of many seasonal camping lots including several fully serviced lake front lots, the construction of many new cabins and renovations to many others, the repair of the weir, the fund raising and construction of the children's playground, the addition of rocks to protect the shore from erosion and major upgrading to the web page and the monthly publishing of a Newsletter. I am sure there were other items that could be added to the list. Also, on behalf of the Board, I would like to welcome all our new cabin owners and seasonal campers that have made Kipabisau their park.

In addition, we started our largest capital project of the decade in September 2019 with the construction of a new fully accessible shower and washroom building. Kevin Moulds, our Park Administrator, gave us an update last night on the status of the build and he is confident that all deadlines will be met, and the new facility will be ready for the opening of the Park in May.

We have also faced the challenge of dealing with the zebra mussel issue and ask that everyone makes themselves aware of the dangers of moving boats between lakes and take the time to ensure your boats is cleaned. In addition, we have had to deal with effects of unwanted materials, such as livestock manure grey water and garbage ending up in the lake. We ask everyone to review their approach to water quality and ensure we all do our part in making sure we have the cleanest water possible.

Even though the opening of the Park is several months away there is a lot of planning and activities that are being carried out. As we approach the opening, we will keep you informed about the things that are affecting your Park, so be sure to check out our website and Facebook page regularly, to keep informed.

For all of you that have planned a winter get-away to warmer weather, be safe so we can enjoy your friendship in 2020.

Sincerely, Lyle Dunkley, Chairman,
Kipabiskau Regional Park Authority.

A Message from Kip Park

Dear Cabin Holder's and Seasonal Campers;

It is imperative that we at the park always have current and accurate contact information for all Cabin Holders and Seasonal Campers. This information is required for us to be able to contact you when we have to update your lease agreement, or an emergency in the park arises, ie break in's, fire, park notices or a natural disaster that may affect you or your property. It is also required for the Provincial Government to send education tax assessments, notices and invoices that also affect your park property. Over the past several years some of you have dropped your land line and moved to cellular phones, or have moved changing your mailing address, or changed internet providers and thus changed your email address. Some of you are snowbirds and are away in the winter months and are using a different email or phone number at that time.

Please take the time to update this form with all your current information. Together we can improve park communication and keep you informed. It will be kept private and is required for park business only. You can e: mail this information if you wish to info@kippark.ca

Cabin/Campsite # _____ Name: _____

Mailing Address Including Postal Code: _____

Park Phone # _____ Cell Phone #' s _____

E:mail Address _____

Our Mission Statement: To provide the best possible facilities, products and customer service to our cottage owners, seasonal campers, daily campers, visitors and guests, on a user pay basis, within our resources and utilizing fiscal responsibility.
