## Park Administrator's Report

Our Park Season has now come to a close and the store and gatehouse staff have left us for the season.

Our maintenance staff are working diligently to finish the annual shut down process and should be here near the end of September. I remind you that all docks and boat lifts must be removed from the water before October 31<sup>st</sup>. You are welcome to store your boats and trailers in the upper compound during the off season, I only ask that you identify them, so we know who they belong to in case we need to notify you.

I would like to thank the park staff from the bottom of my heart for doing a tremendous job in such a stressful environment caused by Covid 19. Thankyou Wayne, for guiding our maintenance staff and providing us with excellent potable water and Matt, Robert, Will and Jon for keeping our park so beautiful. Chantel you did a fantastic job supervising our store and gatehouse, and Tash, great job as well. Nathan and William thank you for looking after the gatehouse and greeting all park patrons with a friendly smile. I hope you have a wonderful school year and I wish you all the best.

The Provincial Government has renewed our Park Land Lease and we have been granted a new 33-year lease term, which will now expire in March of 2052. If you did not receive your copy in your email please contact me and I will make sure you get one. If you require a copy of the new lease for business purposes, a copy is available under the "Bylaws" section on the website. Please take a moment and add me to your contact information, throw me a text or send me an email. I am available during normal hours. Check our website often for park announcements and please follow us on Facebook. Make this your go to place for all Park information.

## Message from the Chairman

Hello friends of Kipabiskau Regional Park. The store and gatehouse are now closed as Kevin and the staff are working hard to button down the park for the season. The maintenance staff will be turning the potable water off and draining the line around near month end.

We have had a successful year in the park considering the complications associated with operating a regional park in the coronavirus era. We hope that we can operate in 2021 with a more normal set of guidelines and we can open our new washroom/shower building. It truly was sad that we were unable to open such a beautiful facility because of the costs associated with staffing guidelines without any additional government funding.

It has come to my attention that some people are still not registered with our website and therefore feel that they are not receiving information about what is happening in the Park. I encourage everyone to go to our website at [www.kippark.ca](http://www.kippark.ca) and register as a cabin holder or seasonal camper, obtain your unique username and password and login for timely and valuable information. Also, please be a good neighbour and assist those that need a little help to register and keep informed. Please check the site and our Facebook page often to get information about what is going on at the Park.

On behalf of the Board I would like to thank Linda Peterson for her many years of service to the Park and wish Linda all the best in her future endeavours, and, I would like to welcome Jamie Placsko, who will be filling the role of accountant for the Park.

Finally, I would like to thank Kevin and the staff for a fine job of keeping the Park looking so good and functioning so well in the year of COVID 19. Be safe everyone and have a great fall.

Lyle Dunkley

**Our Mission Statement:** To provide the best possible facilities, products and customer service to our cottage owners, seasonal campers, daily campers, visitors, and guests, on a user pay basis, within our resources and utilizing fiscal responsibility.
